Students Voice Approval of Methodist Union

Group Will Go To Kansas City For Convention

Student ministers and others on the campus favor strongly the union of the three Methodist church divisions it was learned this week.

At the present time the most important convention in Methodist history is being held in Kansas City, and students all over the world are interested in its outcome.

A group of students from the College will go to Kansas City tomorrow to attend this international convention at the municipal auditorium.

It is the general opinion on this campus that the issues over which the Methodists divided, are no longer vital.

Especially is this true concerning the slavery issue, which caused the split between the North and South Methodists.

Carl Hackman, senior, who is pastor at Skidmore, points out that the union will greatly strengthen the Methodist church. They will then be three million strong.

The constant strife between the Methodist divisions is not in accord with the Christian principle of brotherhood, he says.

Perhaps Division Was Best. Ted Masters, Burlington Junction pastor and College student, feels that it was a good thing for the divisions to come among the Methodists, as they would have come sooner or later, but that now they should be reunited.

According to Fred Shultz, Pickering preacher, union of the Methodist churches is most desirable at this time, when there is so much world disturbance.

The three divisions are the Methodist North and South churches, and the Methodist Protestant. The latter separated because of differences over church organization.

All Short Course girls who live off the campus may become members by paying fifty cent dues at the office of Dr. Margaret Ruth Smith, dean of personnel for women. The members are making plans for the annual spring formal dance on May 6.

Costume Plates Are on Exhibit. A number of original costume plates are on exhibit on the fourth floor of the College administration building, along with several miniature plaster mold models of various types of architecture. The plates represent costumes of many countries.

All of these articles are a part of a special WPA exhibit which came here from Pittsburg, Pa.

Three Students Help in Judging. Three College students went to Marysville last Friday to assist with the judging of the annual literary-music meet there. They were Mynatt Bredenthal, Doris Dee Hiles and Harold Brueggeman. Mrs. Bredenthal also accompanied the group.

Blonde Triplets Differ in Color Of Their Eyes

Being triplet girls alike isn't so hard to imagine especially when all three dress alike too. But when two of the girls have blue eyes and the other brown, well there just isn't much that can be done about it.

But even if Martha Hulise has the brown eyes, she claims to be the spokesman for Margaret and Mary. And the other two girls seem content to let her do most of the talking.

The three Liberty girls were here last Friday, as they were taking part in the high school Spring Contests. According to Martha, the three eighteen-year-old seniors have some difficulty in getting all their clothes alike. "We usually have to order them," she remarked.

When asked if they were always together, as often times triplets are reported to feel deeply attached to each other's presence, they replied, "Oh, not any more. When we were younger we were never separated, but now we are often apart for single dates, but not for long."

The triplets are blonde and rather tall, and together they present a very striking picture.

When asked, Martha spoke for the other two in stating that they did not wish to become teachers and planned to attend business college next year. Although we like your College very much," she said assuredly.

All three have been on the honor roll every term except one in high school. Mary ventured to say, and the other two girls nodded approval. "Our favorite recreation is dancing," they agreed.

THANKS

Mr. Paschal Monk, head of the music department, said this week he wished to announce his appreciation to students in the music department and others who assisted with competition in the music section of the Spring Contests. The contests were run off smoothly and on schedule, he said. He has had comment verbally and by letter on the smoothness of the contests.

Students Wonder if They Will be In College or at War Next Fall. (Editor's Note: The following story published today in leading college and university newspapers in the United States, is of special interest, as this is the day set by Chancellor Hitler to make his reply to President Roosevelt's peace proposal. It was written by Joe Belden of the Student Opinion Surveys of America.)

Austin, Texas, April 28—Many a college student of fighting age has been pondering the President's Warm Springs statement, "I'll be back in the fall—if we don't have a war." And well might these American young men apply the statement to themselves. Will they be back in college next fall—or will they be behind one of Uncle Sam's new guns?

A startling series of events have focused in the public mind the one important question, "Is there going to be a war, and if there is, how can we stay out of it?" College and university students, 54.3 per cent of them, join with the majority of the people of this country in favoring a national referendum before the United States drafts men to fight away from our shores. This is pointed out in the latest of the Coast-to-coast studies of the Student Opinion Surveys of America, the national weekly poll of student thought of which The Northwest Missourian is a member.

No Draft. However, opposition to the proposal is quite widespread, for 45.7 per cent declared against the question asked, "Should the constitution be changed to require a national vote before the country could draft men to fight overseas?" In the Southern states a bare majority, 50.9, gave approval, while the West Central group was the most in favor, 61.2.

A large portion of college students, then, appear to agree with the administration, which has taken a strong negative stand on war referendum. As shown by other opinion polls, the voters of the nation—61 per cent—like the idea even better than the Ludlow resolution, which would require a vote before Congress could declare war, for which they have been polled at 58 per cent in favor.

Women Against. The student survey points to this fact: college men are as a whole against a referendum by a small majority; women are for it by a large majority.

The attitude of many collegians was neatly phrased by a Wayne University student who said to the interviewer there, "If we have to fight in the defense of our country there will be no need for a referendum; if it is proposed that we join a foreign conflict, absolutely!" The sentiment against drafting men for battlefields abroad evident over the country is closely paralleled in this survey, which clearly exposes the state of mind of many of the young people who may have to interrupt their education should an international conflict arise.

Two Day Baseball Series Begins Today

Teachers from Iowa State Calls STC for Games

Cedar Falls Team is Reported Strong; Ridge Joins Locals

Collegiate baseball in this section of the county will center this week-end on the local diamond today and tomorrow when Coach Ryland Milner's Bearcats of the College here meet Coach Lawrence Whitford's nine from Iowa State Teachers college in Cedar Falls. It is the local team's first two-day series of the season. The game will start Friday at 3 p. m., and Saturday at 2 p. m.

Weather conditions recently have enabled the Bearcat nine to hold regular practice sessions, and though the team met defeat 5 to 11 at the hands of the Kansas State Aggies here Monday afternoon, Coach Milner believes the boys are not discouraged and will put up a hot fight for the series victory this week-end.

Ridge Joins Squad

Coach Milner has not definitely chosen his starting line-up. The local mentor is more optimistic about the pitching situation now with the addition to the squad of Eldon Ridge, Grant City, who entered the Kansas State game Monday in the final inning, pitched like a veteran and hit out a single on the first ball pitched to him. It was the first game of the season for Ridge.

Other hurlers available for the local nine are Don Johnson of Stanberry, Dean Walker of Jackson, Ike Howell of Columbus, Ga., and Jim Campbell of Richmond. Ralph Kurrigh of Albany and Gordon Long of Plattsburg are in line for duty at the back-stopping post. Harry Irvine of Fairfax, Joe Kurrigh of Albany, Marion Rogers of Jackson, Harry Darr of Bethany, Dale Hackett of Burlington Junction and Richard Miller of Paragut, Ia., are candidates who may see service at the infield posts.

Iowa Infield Intact

The infield posts for the College nine have developed warm competition, but Bill Metz of Wota, Ia., Raymond Curtiss of Ridgeway, Harold Hull of Maryville and Bill Bernau of Earlham, Ia., seem to be on the inside track.

With the entire 1938 Iowa State infield intact, two newcomers stand excellent chances of gaining first team jobs. Keith Van Winkle, junior from Webster City, Ia., appears to be giving Lee Polley, letter-winning first baseman, a tough battle at the initial base. Van Winkle, who packs 30 pounds and 5 inches height over his veteran mate, has been improving each day and may get the starting call. Other infielders who may get a chance for the invaders are Jimmy Goodman, Charles McGaffin, Junior Howard Rabey, Art Borwick, Louis Breitbach, Hubert Misseldine and Bill Kilziman.

Battery for Iowa

Bill Bolt is slated to get the varsity catching job, his toughest rival being Forest Hanifan. At the pitching end of the battery the Iowans will depend on Harley Hilborn, Wes Patterson, Lyle Dodd, Ed Puck, Al Kane, LuVerne Dunsmore and Bernard Erdman.

Don Dilly and Paul Hafke appear to be regular outfielders with the Iowa squad, with the other position and reliefs being made up from Harry Schley, Dean Breitbach, Llewellyn Boone, Herbert Hamilton, Bernard Hughes, John Sindlinger and Orin Rev.

Bearcat Claws . . .

by ken lawson

Last Thursday, April 20, the baseball season was officially opened for the Bearcats when they met the Rockhurst Hawks of Kansas City on the local diamond. It was a good game and a tough one to lose, the score was 4-3 and Rockhurst had to score two runs in the final inning to win.

The Rockhurst game was played under definitely adverse conditions. It was extremely cold and several times rain threatened to halt the game in its early stages. The wind blew and the spectators shivered. The perfect setting for a mystery thriller, but not exactly ideal for a baseball game. However, there was a minimum of errors made during the ball game and the play was interesting enough to hold the attention of the ones on the sidelines despite the cold.

Yesterday afternoon the Bearcat track team met the team from Warrensburg on the local field. According to the pre-meet dope the Bearcats should win handily. Of course, however, there never was anything that could actually be called a cinch so the final result may not tally with the dope. As usual, this thing of having a deadline has caused me to be late on the meet. A very unhappy situation, I do declare.

Last Monday afternoon the Bearcats met the Kansas State baseball team from Manhattan on the local diamond. The game was a

close one for four innings but the Bearcat pitching staff suffered some difficulty at this stage in the game and from then on the result looked inevitable. The score of the game was 10-5 in favor of the Kansas, but if those two bad innings which the Bearcats suffered could be removed, the game would have been in favor of Maryville. The locals outthit the visitors 9-7.

This afternoon and tomorrow afternoon the Bearcats will play host to the baseball team of the Iowa State Teachers College of Cedar Falls. The game this afternoon will start at three o'clock and the one tomorrow afternoon will begin at two o'clock. This team is allegedly one of the best in the west or at least in the middle-west. Anyhow all reports which have reached this office indicate they have a very good baseball team. Numbered among three victims is Iowa State of Ames and incidentally Iowa State defeated Kansas State, therefore, according to comparative scores the Iowa team should win over Maryville. But, as Coach Milner has so aptly put it, they dress just the same as the Bearcats.

Some really classy high school tracksters were witnessed in action here last Friday. The occasion was the district track and field meet which saw the presence of athletes from all over northwest Missouri. Benton high school of St. Joseph won the Class A meet; Chillicothe, the Class B; and Gower the Class C.

Dance Club to Present Program Here Mother's Day

Dance club members are planning to climax Mother's Day with their annual dance club program. This program is to be presented in the college auditorium at 8 o'clock May 11. It will include demonstrations of modern dance and ballet technique. An outstanding feature of the presentation will be a modern interpretation of college life or the School Suite. In this the club will realistically dramatize such occasions as registration, assemblies, class room activity, athletic events, and the major course of all—compulsory. They planned to present graduation but the club decided that the students subject to the experiment probably never will graduate.

Other dances are Nirvana, Prelude, Conflict, and Machine. Constant rehearsing has been necessary and it will continue throughout the following weeks.

This year the dance club and the music organizations are planning separate presentations as they both want to co-operate with each other. In this way students participating in both events will not have conflicts in rehearsals.

Baseball Dates With Iowa State Moved Up

Word was received here this week that the two-game series of baseball encounters between the Bearcats and the Iowa State Teachers college at Cedar Falls to be played there, has been moved ahead three days to May 9 and 10, according to an announcement by Lawrence Whitford, head baseball coach at Iowa. The games were originally set for May 12 and 13.

The Bearcats will meet the Iowans on the local field next Friday and Saturday.
